from the large detail maps in the pos session of the Survey Department and will in many particulars be far more detailed than the old one. It will, be-sides being so drawn that it will show the various districts of the island plainly, contain a much larger number of names of locations. It will also show the different landing places, sugar mills and other points of impor-tance. It is because of these last men-tioned details that this map will be especially valuable to commercial con-cerns, as they will be able to consult it with ease instead or referring to the single detail maps of the various isl-

Of these, the majority declared their belief that the game was sold, judging from the actions of several of the Aala players. Anderson and E. Ayau were particularly mentioned for listweet and careless playing. Larsen, cen ter fielder on the Aala team, stated that after the game he believed it was T. & L. Com., \$70; \$500 waialua 6s, that after the game he believed it was T. & L. Com., \$70; \$500 Maialua 68, sold, though he had no personal knowledge. Ayau's reasons for his peculiar playing did not satisfy the committee. Anderson so far has not appeared to set himself straight. It is said that he will leave for the Coast on the first outgoing vessel. Bento on the first outgoing vessel. Bento last night made the statement that Anderson had told him that he, Anderson, had made \$85 for losing the game. In view of the above facts and several others not so important, the

MIDWINTER LEAGUE COMMITTEE
TAKES ACTION BECAUSE OF
GRAVE CHARGES THAT
ARE MADE.

Until certain investigation of the reputed selling of the Aala-Iron Works game last Sunday have been settled, H. Anderson, pitcher and manager of the Asias, and E. Ayau, shortstop for the same, have been suspended from further playing in the Midwinter League. At a meeting last night of an investigating committee, this action was taken. It carries no conclusion of guilt, but in view of the grave charges brought against these players, coupled with some of their own admissions, the committee felt that suspendion was no more than just. The committee, consisting of President J. A. Williams, Secretary Charles Falk and Umpire Al Moore, has the right to suspend on such grounds.

The meeting of the committee last night was to take evidence as to the rumored selling of the game. Most of the evidence was of the hearsay order, and largely irresponsible. All through the investigation, one All through the investigation, one thing has been clear to the committee—that the game was thrown; but the difficulty has been to pin the responsibility down. Witnesses are called who testify by hearsay, and even if they know anything, they are evidently unwilling to give it out. Being under no oath, their evidence canniot be accepted as final.
